1800 Silver Tequila

- The world's first 100% agave luxury tequila, founded in the year 1800.
- Sales in Canada are growing at 150%!
- More than 400,000 cases were sold in the U.S. in the last year.
- Iconic packaging: the stopper doubles as a measurer.
- Made with 100% pure blue agave, double distilled, mellowed in American oak barrels for 15 days and blended with a touch of aged reserves for extra smoothness. You can taste and see the difference – the unique “pale yellow diamond” colour character.
- The aroma is agave, roasted pepper, spice, and black peppercorn.
- The taste is smooth, with a supple entry leading to a round, medium-bodied palate with sweet prune, roasted pepper, and delicate spice flavours. The finish is long, with sweet fruit and a pepper fade.
